

SERVE WISCONSIN AMERICORPS & NATIONAL SERVICE SUMMITS

Do you want to address a community need?
Do you want to expand the capacity of your organization?
Do you have an interest in receiving grant funding?

Join Serve Wisconsin at an informational summit to learn more about funding and placement opportunities with AmeriCorps, VISTA, and Senior Corps. Significant grant funds are available and Serve Wisconsin wants to help you access them. Wisconsin received over \$5 million in grant funding last year alone!

By attending a summit, you will learn the answers to the following questions:

- ★ What is AmeriCorps and what is national service?
- ★ How can AmeriCorps and national service benefit my organization?
- ★ What are the steps to getting involved with AmeriCorps and national service?

You will also meet staff members and national service participants from programs around the state. Light breakfast refreshments will be provided to attendees.
