

Are you going to SCREAM if *one* more person describes Wisconsin's alcohol culture as if it dropped from the sky?

Are you frustrated when tools from national organizations or conferences just don't "work" here or "fit" Wisconsin?

Are you tired of asking about local alcohol policy and getting little or no useable information without understanding why?

***So do something different.***

Attend the

## **Wisconsin Alcohol Policy Basics Class**

*Learn how to make policies work for you not against you and know that changing the alcohol culture is possible.*

**WHEN:** Tuesday, May 20 • 9am-2pm

**WHERE:** Franklin Public Library (9151 W. Loomis Rd., Franklin)

This class is to prepare you to build a better alcohol environment, not training on a specific program or policy.

### **This class provides:**

- A practical detailed discussion of all aspects of alcohol licensing preparing you to learn the local licensing system and effectively participate in it.
- How to jump start changes in the community alcohol environment.
- What we know *doesn't* work, selecting effective policy interventions
- How to use the A.C.E. report (Alcohol, Culture and Environment Workgroup Report) to make changes in your community
- Specifics of Wisconsin's alcohol history to rebut false assertions about Wisconsin's alcohol environment.

### **Each attendee will receive:**

- A binder of reference materials and information to use and share with community for future use.
- 7 hours of instruction towards the Prevention Specialist certification.
- Lunch

**This class is limited to 20 participants and is on a first come first serve basis.**
